APPROVAL OF STATE ENGINEER Henderson, Nevada 89015

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 20162, Certificate 6236, is issued subject to the terms and conditions imposed in said Permit 20162, Certificate 6236, and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

With the issuance of this permit, the duty of water allowed for irrigation of the proposed place of use is increased from 4.0 acre-feet per acre as allowed under Permit 20162, to 5.0 acre-feet per acre per annum.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.43 cubic feet per second, but not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.
